

Vision OUR IMPACT

NCIDQ Certification is the global standard demonstrating interior design competency.

Mission WHAT WE DO

CIDQ is the leader in measuring the competency of interior design practitioners to protect the health, safety, and welfare of the public.

OUTCOMES

1: Certification Excellence

CIDQ sets the global standard for interior design professionals' competence through a relevant, accessible, and thorough certification exam.

2: Professional Competency

NCIDQ Certified professionals are globally recognized for their competency in protecting the public's HSW.

3. Global Leadership

An engaged and growing global body of certificants and members thrive and lead CIDQ to excellence.

STRATEGY

S1: Ensure exam security and access

STRATEGY

S2: Change and strengthen the public's understanding of NCIDQ Certification's value, as a necessary safeguard to protect HSW; through strong advocacy planning and the addition of regulated jurisdictions

S3: Identify & build relationships with international interior design organizations

STRATEGY

S3: Identify & build relationships with international interior design organizations
