

EDUCATOR REQUEST FORM
IDFX EXAM
PRACTICE QUESTIONS

To better support educators and their efforts in preparing students to take the Route 2, Part 1 | IDFX Exam, we are providing educators with a set of IDFX Exam practice questions. These practice questions should be used by educators with their students to familiarize themselves with the format of questions that will appear on the IDFX Exam. While still relevant to the IDFX Exam, please note that not all content areas tested on the actual IDFX Exam are covered in this set of practice questions.

AGREEMENT: By signing below, I agree to use the IDFX Exam practice questions provided by CIDQ for purposes of my class and/or current students only. I agree that these questions will not be reproduced and/or utilized for any other purpose. I understand that these practice questions are to give students a better understanding of the format of questions they can expect to see on the IDFX Exam. Reviewing these questions alone should not be considered enough to adequately prepare students for the exam.
