

NCIDQ Examination

Exam Codes

To be as transparent as we can be without compromising the integrity of the NCIDQ exam, we have developed this Code document in order for you to know what to expect on exam day. Below is the Table of Contents identifying the Chapters/Sections of Code for the NCIDQ Exam which will utilize the International Building Code (IBC)(2021), the International Residential Code (IRC)(2021), the International Plumbing Code (IPC)(2021) and the 2017 ICC A117.1 Accessible and Usable Buildings and Facilities Code. The actual exam document will include the content directly from the IBC for each of the Chapters/Sections identified below (minus any images). The Building Code document will be provided as part of each exam question. We hope this document will help you narrow down the Code information you should familiarize yourself.
